RE: OU 1 RD Response to  
Comments

Dear Mr. Reising:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the United States Department of Energy's (U.S. DOE) Responses to Comments (RTC) on the Operable Unit (OU) 1 Remedial Design (RD), pre-final design packages I and II.

The OU 1 RD RTC adequately addresses U.S. EPA's previous comments. Currently, U.S. DOE plans to subcontract the majority of the OU 1 remedial action activities. The remedial action subcontractor, which has not yet been identified, will be responsible for preparing new design plans similar in content to U.S. DOE's pre-final design package. These new plans must be submitted to U.S. EPA for review.

Please contact me at (312) 886-0992 if you have any questions regarding this matter.

Sincerely,

James A. Saric  
Remedial Project Manager  
Federal Facilities Section  
SFD Remedial Response Branch #2
